Team Plan

Distribution of Work:

Casey Cotter(cbc2298):

o Wrote the look and getIcon functions for Critter

o Wrote the paint function for Main

o Figured out how to get the filepath to our source folder

o Rewrote displayWorld to trigger paint

o Helped with debugging and brainstorming the implementation of main

Max Fennis(maf3743):

o Wrote most of main, including the controller (buttons/textfields/etc)

o Handled all events and triggered proper actions

o Figured out how to animate our world

o Helped with debugging and brainstorming the paint method
